

Project Falcon - Internal Brief

Prepared by the Acme Corp Strategy Office, 14 March 2024.

Project Falcon is the next-generation logistics platform that Acme Corp will launch across Southeast Asia in Q3 2024. Jack Ma, who heads the Strategy Office, is the executive sponsor. Globex Ltd has been selected as the regional implementation partner; Globex Ltd is headquartered in Berlin and operates a delivery hub in Singapore. Initech Inc will supply the routing software under a three-year contract.

The Falcon steering committee meets monthly in Hanoi and includes representatives from Acme Robotics and Acme Cloud. Alice Smith leads the Hanoi engineering team, while Bob Jones manages the Singapore launch site. Carol Davies, who reports to Jack Ma, owns the partner relationship with Globex Ltd.

Initial milestones: pilot in Singapore [June 2024], regional roll-out [September 2024], and full handover to Acme Robotics operations [December 2024].
